Pliers & Cutting Tools

End Cutting Pliers

CHANNELLOCK® High Leverage End Cutting Pliers feature Xtreme Leverage Technology (XLT™) which makes cutting easier than ever. By positioning the rivet closer to the cutting edge, considerably less force is required to cut than other high leverage designs. State-of-the-art laser heat treating offers a strong and consistent pattern across the cutting edge for increased strength and longevity. CHANNELLOCK End Cutting Pliers are forged from high-carbon U.S. steel that is specially coated for ultimate rust prevention.

Features

- Xtreme Leverage Technology (XLT™) increases performance and reduces hand fatigue
- Laser heat-treated cutting edges perform better and last longer
- Precision-machined knife and anvil style cutting edges ensure perfect mating
- CHANNELLOCK BLUE® grips for added comfort and reduced hand fatigue
