

Shipping Options - Hawaii and Alaska

Shipping carriers

AutomationDirect uses our choice of carrier for the default shipping methods for all orders. All shipping charges are prepaid and added to the invoice, or they can be charged to your company's account number. (Orders requesting use of customer shipping accounts are only accepted for shipment via FedEx.) For certain heavy orders, we use LTL carriers. LTL freight charges, where applicable, are added to the invoice. All items ship from USA warehouses.

Shipping methods

- **Best Way (2-day delivery) *** - We use a mix of FedEx services that allow us to make delivery within 2 business days, for in-stock items. This method is free on orders over \$49 (except for items/orders shipping LTL, which always incurs a charge).
- * **Days to delivery are calculated based on regular business days and do not include weekends or holidays. Some LTL and vendor-shipped items have longer transit times and/or may not qualify for 2-day or free delivery.**
- **LTL** - Certain items and orders must ship out less-than-trailer load (LTL). Items shipping LTL directly from an AutomationDirect warehouse or from one of our vendor-shipped suppliers will be shipped via FedEx Freight Priority. Any order with an LTL item will automatically be converted to ship out LTL. In order for items to ship separately from the LTL item, you must place separate orders. For any LTL order, additional charges may apply for residential deliveries as well as those needing a liftgate. The customer is responsible for contacting the carrier prior to delivery to make arrangements for time or day specific deliveries. The customer will also assume responsibility of any additional charges on redelivery of shipments where FedEx attempts delivery and delivery cannot be made due to consignee. For transit times from our Cumming, GA location, visit: [FedEx Transit Time Map](http://bit.ly/fxtrmap). at <http://bit.ly/fxtrmap>

"LTL only" items shipping to Alaska or Hawaii will **always** incur a shipping charge. Quotes can be obtained through the web or via phone..

Insurance

Because we ship FOB origination within the U.S, the risk of loss transfers to you when we deliver the goods to the carrier. Insurance is available at your expense to insure against loss or unusual damage (*not currently available for online orders; must be called in*). It is **not automatically included in the shipping charges**. Your Sales agent can calculate the cost of insurance when you place your order. If you choose to purchase insurance, the charges will be added to your invoice. Additional insurance is not available for LTL shipments since maximum liability under those companies easily covers the value of our products.

Tracking Shipments

Tracking numbers are generated and available soon after we process your order from our facility (tracking from vendor-shipped locations is not available online). The order cannot be tracked until the carrier has initially scanned the package at their facility (*generally after 9 p.m. EST on shipment date*). You may track your order online using our shipment tracking feature. To track your order online, log in on our Web site, choose "My Account", choose the appropriate order and click the "Track It" button when available. Or, you can obtain your tracking number from your shipment confirmation email (when this feature is enabled under "My Account - Preferences/Email Options") and check status on carrier Web site.

Freight Forwarders and Hand Carry

Please review the Freight Forwarders and Hand Carry policy on page TAC-26 if you plan to use either of these delivery methods.

Export Regulations

AutomationDirect ships/exports its products in accordance with U.S. law. Diversion by AutomationDirect customers contrary to U.S. law is prohibited. To obtain more information on countries and parties prohibited for export, please visit:

Concerns

If you think your shipment is past due or incomplete, please consider these items before you call to check on the order:

- Allow ample time for delivery. Some carriers schedule multiple deliveries. Track your order online (*see instructions above*).
- Check with your receiving department. Many times the receiving department failed to deliver the package or notify the recipient.
- Check the package for any small items. They can easily get buried in packing material.
- Please inspect all deliveries promptly. You must notify us within 48 hours of receipt with reported discrepancies or shortages.
- If you have received tracking information and have not received your order within reasonable expected transit time, please contact us immediately. Delays in reporting shipments not delivered by the carrier can result in our inability to recover your order from the carrier, and a replacement order would be at your expense. The replacement order must ship to a business address requiring a signature or a carrier location for pick-up.
- If carrier tracking results show that your package has been delivered but you have not received your shipment, you must contact us within 14 business days of the published delivery date for FedEx shipments and 10 business days of the published delivery date for UPS shipments. Otherwise, we will likely not be able to recover your order from the carrier, and a replacement order would be at your expense. The replacement order must ship to a business address requiring a signature or a carrier location for pick-up..

Shipping and other Charges - Hawaii / Alaska

Shipping charges are prepaid and added to the invoice, or they can be charged to your company's account number (*FedEx accounts only*).

Free 2-day delivery* is available for orders \$49 and over shipped to Alaska and Hawaii, which are typically shipped via our choice of carrier; **2-day/free delivery does not apply for LTL shipping of heavy items/orders**.

All other shipping charges (*such as expedited and LTL*), and shipping on orders under \$49, are calculated based on order weight.

Certain heavy orders or items must ship via LTL (*truck*). To determine if an item requires LTL shipping, check the product listing on the Web site for "freight" designation. You must have a loading dock to receive shipment, or you must make other arrangements to unload shipment. Any additional charges incurred during delivery are your responsibility and will be invoiced back to you.

"LTL only" items shipping to Alaska and Hawaii will **always** incur a shipping charge. For your order to be processed, you must call our Customer Support department to receive an accurate shipping quote. If you wish to have your entire order shipped LTL ("palletized"), the entire shipping weight will be used to calculate shipping charges (forgoing free shipping of lightweight items/orders). (Opt-in palletizing is only available for orders shipped from our Cumming, GA warehouse.

*** Days to delivery are calculated based on regular business days and do not include weekends or holidays...**
