| * Conduit Box Kits include mounting hardware; box base, box cover, bushings, and screws.<br>Conduit box dimensions are shown below and on the following page. |        |                                   |         |                            |                                |

## GS20 Conduit Boxes

Optional Conduit Box Kits can be ordered separately. These kits bolt onto the bottom of the applicable GS20 drive to provide a convenient connection point for conduit entry, allowing the GS20 to achieve a NEMA 1/UL type 1 environmental protection rating; especially useful for GS20 drives mounted outside of an electrical control panel.

Example GS20 Conduit Box
