* Conduit Box Kits include mounting hardware; box base, box cover, bushings, and screws. Conduit box dimensions are shown below and on the following page.					

GS20 Conduit Boxes

Optional Conduit Box Kits can be ordered separately. These kits bolt onto the bottom of the applicable GS20 drive to provide a convenient connection point for conduit entry, allowing the GS20 to achieve a NEMA 1/UL type 1 environmental protection rating; especially useful for GS20 drives mounted outside of an electrical control panel.

Example GS20 Conduit Box
