

# GS30 Series Optional Accessories – Conduit Boxes

## GS30 Conduit Boxes

Optional Conduit Box Kits can be ordered separately. These kits bolt onto the bottom of the applicable GS30 drive to provide a convenient connection point for conduit entry, allowing the GS30 to achieve a NEMA 1/UL type 1 environmental protection rating; especially useful for GS30 drives mounted outside of an electrical control panel.

| GS30 – Conduit Selection Table                                                                                                                                |            |                                  |         |                            |                                |
