HAMMOND MANUFACTURING

NEMA 3R, 4, and 12 Two-Door Floor-Mount with 3-Point Handle

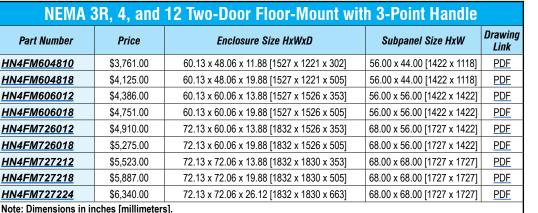

Applications

- · Designed to house electrical, electronic, hydraulic or pneumatic controls and instruments.
- Provides protection where equipment may be hosed down or otherwise be very wet, or in outdoor applications for full weather protection.

Construction

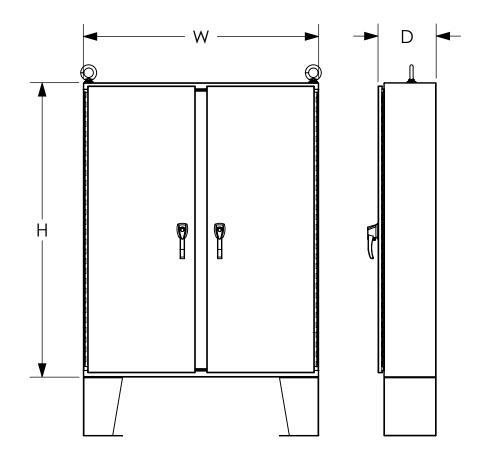

- Enclosures are formed steel 12-gauge (60 in [1524 mm] high) or combination 10/12-gauge (72 in [1829 mm] high).
- · Smooth, continuously welded seams without knockouts, cutouts, or holes.
- · Lifting eyes provide for easy enclosure handling.
- · Doors are supported with heavy gauge continuous hinges.
- 3-point padlocking door handle.
- Uses 1/4 turn latch handles.
- Seamless poured-in-place gasket.
- · Provision for light kit mounting.
- · A grounding stud is provided in the enclosure and a bonding stud is provided on the door.
- · Center post is removable for easy installation of the subpanel.
- 12 in [305 mm] floor stands are welded to the enclosure.
- · Body stiffeners are provided in the larger enclosures for extra rigidity.
- · Formed lip on door and top of enclosure opening exclude flowing liquids and contaminants.
- A removable 10-gauge subpanel is included.
- · Panel supports are provided for easy panel installation.
- Collar studs are provided for mounting subpanels.
- · A literature pocket is provided for the inside of the door.

NEMA 3R, 4, and 12 Two-Door Floor-Mount with 3-Point Handle

Dimensions

Enclosure Accessories Locks and Latches 1/4-Turn Latch Handles

Features

- Durable zinc diecast or stainless steel.
- Removable handle stop for clockwise / counter-clockwise operation.
- Textured powder coat Black finish on zinc cast handle.
- Maintains NEMA rating of enclosure.
- Padlock "trigger" design for security requirements.
- Optional key lock or defeater available. Key lock versions include two keys.
