Free online download!

Productivity Suite is user-friendly programming software designed to allow quick and easy programming of ladder logic programs for the Productivity3000® CPU.

The online help file provides information that will help you get acquainted with the software quickly.

PC Requirements

For Productivity Suite software and hardware system requirements please visit our web site for the minimum system requirements: https://support.automationdirect.com/downloads.html

Programming Cable

You will need a standard Ethernet cable for programming P3-530 and P3-550E using programming port. Use an Ethernet Cable:

• CAT5E STP (3ft to 50ft lengths available at www.automationdirect.com)

These USB programming cables are available if required. We sell A-to-B USB cables in various lengths:

• USB-CBL-AB3 (3ft)
• USB-CBL-AB6 (6ft)
• USB-CBL-AB10 (10ft)
• USB-CBL-AB15 (15ft)

Main window
The Main Window is displayed when the program opens. It is divided into Menus, Toolbars, and Windows that work together to make project development as simple as possible.
