

OKK Series Accessories

Galvanized Steel Mounting Channels

Application

Mounting channels can be used to create additional mounting positions at any location inside the enclosure. They can be connected to the inner frame of the enclosure or span between other mounting channels in either a vertical or horizontal orientation.

Features

- Available with a flanged end or a closed end.
 - Either may work depending on the mounting location and orientation.
- Includes pre-punched holes to accept M6 cage nuts and M5 self-threading screws.

Easily find compatible OKK Series parts for your enclosure using the link button or QR code below:

Configuration Tool

Flanged Mounting Channels		
Part Number	Price	For Use with Width/Depth Enclosures
<u>STK445</u>	\$14.00	400.00 x 0.00 [10160]
