Swivellink Mounting System (Imperial/English Units)

Swivellink®
INTELLIGENTLY DESIGNED

Swivellink Mounts are a better way to mount vision cameras, lights, and sensors. Because of the flexibility and range of Swivellink's patented design, you can fine-tune each installation to just about any position required. Components are made from aluminum alloy for light weight and structural rigidity. Both Metric and Imperial/English versions are available; however, they are not interchangeable.

This page describes Swivellink's AFSB components, which are blue in color and are in Imperial/English units.

Consider the following when selecting your components:
- Amount of weight the mount will be holding
- The overall length of the mount
- The area you have to work with

Carrying capacity varies with overall length and system configuration. The Standard series can hold up to 30lb [13.6 kg] at 1ft [0.3 m] with all screws torqued to 50 in·lb [5.65 N·m].

AFSB-1-15

AFSB-1

Swivellink Bases (Imperial/English) Selection Guide

Part Number	Price	Description	Weight (oz [g])	Drawing
AFSB-1	$32.00	Round ball base	5.28 [149.7]	PDF
AFSB-1-15	$47.50	Narrow ball base	5.28 [149.7]	PDF

### Recommended Screw Sizes for Attaching to SureFrame (T-Slot Nuts Also Required)
