1-800-633-0405 ECO Series HMI Enclosures

ECO1500.0008

Applications

Designed for maximum versatility, ECO series HMI enclosures can be configured to suit many applications. ECO series HMI enclosures are compatible with both TK060 and TK120 suspension arm systems.

Construction

- Sides are made from extruded anodized aluminum with cast aluminum and plastic corners
- Front panel (sold separately) is removable for easy machining
- Handles can be added and replace existing corner caps
- Handles can be placed on sides or bottom of the enclosure
- ECO1290 and ECO1590 enclosures open clamshell style via two double bit ¼-turns for easy access to equipment without removing an exterior panel
- ECO1500 enclosures open from the rear with two double bit 1/4-turn latches
- Grounding cables and front panel mounts included

For the latest prices, please check AutomationDirect.com.

Finish

- Natural Aluminum rear panel
- RAL 7016 plastic corner covers
- RAL7035 cast aluminum corner couplings

1-800-633-0405 Teknokol Suspension System Overview

Applications

Enables operators to adjust and position Teknokol ECO series HMI enclosures into a more ergonomic or safe position. Suspension arm systems can be configured into a vast array of assemblies to meet the operator's needs. All configurations require a base mount, suspension arm profile, and a coupling for the HMI enclosure. Intermediate joints and additional arm profiles can be added up to 3 meters with reduced load capacity.

Construction

- Extruded aluminum profile arms (6063-T6)
- Cast Aluminum joints, mounts, and couplings
- Cut to length suspension arm profiles can be ordered in custom centimeter lengths (from 15cm up to 187cm) to fit your specific application
- Max available profile arm length is 200cm
- · Bearings used in all swiveling joints
- Gaskets and mounting hardware included with joints, mounts, and couplings
- Wires are fed through profile tubes and are accessible via removable covers on all 90 degree joints

TK060 Profile

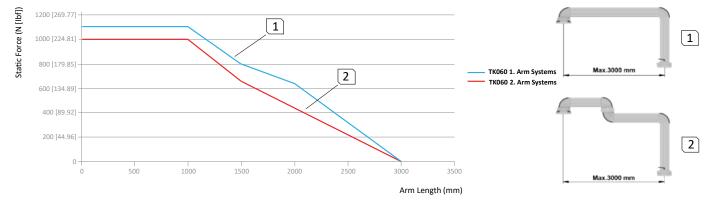

Finish

• RAL7035 light gray powder coat
