

# USB Programming Cables

## USB Cables

AutomationDirect's high quality USB cables are used to connect USB devices to a USB port on a PC. Each cable has Standard-A plug to Standard-B plug end connectors, both gold plated, and meet the USB 2.0 requirements. These cables can be used for programming Productivity Series CPUs, **C-more** panels, certain **C-more** Micro panels and PC to touchscreen connections for Atlas Industrial Monitors that include touchscreen capability.

## Standard A to standard B

| Part Number                | Description                                                                                                        | Price   |
|----------------------------|--------------------------------------------------------------------------------------------------------------------|---------|
| <u><b>USB-CBL-AB3</b></u>  | 3-ft [0.9 meter] Standard USB 2.0 cable with Standard-A plug to Standard-B plug.<br>Suitable for all USB devices.  | \$12.00 |
| <u><b>USB-CBL-AB6</b></u>  | 6-ft [1.8 meter] Standard USB 2.0 cable with Standard-A plug to Standard-B plug.<br>Suitable for all USB devices.  | \$16.00 |
| <u><b>USB-CBL-AB10</b></u> | 10-ft [3 meter] Standard USB 2.0 cable with Standard-A plug to Standard-B plug.<br>Suitable for all USB devices.   | \$36.50 |
| <u><b>USB-CBL-AB15</b></u> | 15-ft [4.6 meter] Standard USB 2.0 cable with Standard-A plug to Standard-B plug.<br>Suitable for all USB devices. | \$42.50 |

## Standard A to micro B

| Part Number                   | Description                                                 | Price   |
|-------------------------------|-------------------------------------------------------------|---------|
| <u><b>USB-CBL-AMICB6</b></u>  | Programming cable, USB A to micro-B USB, 6ft cable length.  | \$5.75  |
| <u><b>USB-CBL-AMICB15</b></u> | Programming cable, USB A to micro-B USB, 15ft cable length. | \$11.50 |

## Standard A to Standard C

| Part Number               | Description                                          | Price  |
|---------------------------|------------------------------------------------------|--------|
| <u><b>USB-CBL-AC6</b></u> | Programming cable, USB A to USB C, 6ft cable length. | \$7.75 |

- Productivity Series CPUs
- **C-more** panels
- **C-more** Micro panels
- Atlas Industrial Monitors with touchscreen capability.
