

wiha Screwdrivers

Tools that work for you

Heavy-duty Screwdrivers

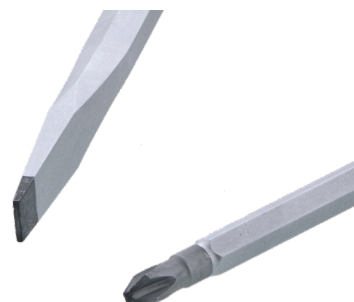

Heavy duty screwdrivers are the tools for the job when standard screwdrivers are not quite enough. These screwdrivers feature hex bolstered blades for wrenching function and torque strength, a robust striking cap, and exact fit precision machined tips for reduced cam-out of fastener heads. These screwdrivers are suitable for fastening, chiseling, and loosening seized screws.

Features

- SoftFinish® cushion grip handle for comfort and control
- Dual durometer construction for long-lasting durability
- Handle direct molded to blade for permanent bond
- Handle sized proportionate to blade for consistent mechanical advantage
- Parallel flats for roll-off prevention
- Tip profile labeled on cap for easy identification
- Exact fit precision machined tip for reduced cam-out
- Metal striking cap for hammer impact
- Hex-bolstered blades for wrenching function and torque strength

Metal Striking Cap

Hex-bolstered Blades
