### **Proposition 65 Notice**

**California Proposition 65, known as the Safe Drinking Water and Toxic Enforcement Act of 1986, requires notification of consumer products manufactured after August 31, 2018, which contain chemicals known to cause cancer, birth defects, or other reproductive harm. AutomationDirect is a distributor of industrial products. Our products do not meet the definition of “Consumer Products” as that term is defined in the Act. Accordingly, our product pages generally do not contain the warning notice prescribed in the Act. However, we will cooperate if asked by our Supplier and place a Proposition 65 warning on that product page.**
