

WIEGMANN®

ADDING A UL TYPE 3R DRAIN HOLE TO A UL TYPE 4 ENCLOSURE

- **TO MODIFY A UL TYPE 4 OR 4X TO A UL TYPE 3R:** A 0.125-0.25 inch (3.2-6.4mm) DIAMETER WEEP HOLE MUST BE DRILLED INTO THE BOTTOM OF THE ENCLOSURE AND REMAIN OPEN.
- **TO CONVERT BACK TO A UL TYPE 4/4X APPLICATION:** A UL RECOGNIZED OR LISTED HOLE SEAL MAY BE USED TO SEAL THE WEEP HOLE AND THE ENCLOSURE WILL MAINTAIN TYPE 4 RATING (REMOVAL OF SUCH DEVICE REVERTS TO 3R RATING).

Maintain the environmental integrity of this enclosure by closing all openings w/UL listed or recognized components that have the same environmental rating as the enclosure.
