Do not adjust cell heights or widths for printing

APC-VSCN1T Terminal Designations for use with L7C servos

1) Print this page with no scaling
2) Measure the ruler image below to verify the printed scale
3) Adjust your print scaling and print again if necessary
4) Choose one of the templates below (left template is more useful)
5) Cut *inside* the dotted lines below
6) Fold on the red line and insert into terminal block cover

L7C Drive

Be sure to install the numbers in the correct orientation!!

1 Pin #1 is on the left side
