

Do not adjust cell heights or widths for printing

APC-VSCN1T Terminal Designations for use with L7P servos

- 1) Print this page with no scaling
- 2) Measure the ruler image below to verify the printed scale
- 3) Adjust your print scaling and print again if necessary
- 4) Choose one of the templates below (left template is more useful)
- 5) Cut *inside* the dotted lines below
- 6) Fold on the red line and insert into terminal block cover

Be sure to install the numbers in the correct orientation!!

Pin #1 is on the left side
