Diffuse sensor

PNP type - Light-on output

Part number: C18D-AP-1E

For use in NFPA 79 Applications only

Housing: M18  
Switching distance $S$: 600 mm

$U_L$: 10...36 VDC  
$A_1$: Light-on  
$IA$: ≤ 200 mA

For use in class 2 circuits

Adaptors providing fold wiring moose are available from the manufacturer.
Refer to manufacturer’s information.

Operators of the products we supply are responsible for compliance with measures for the protection of persons. The use of our equipment in applications where the safety of persons might be at risk is only authorized if the operator observes and implements separate, appropriate and necessary measures for the protection of persons and machines.
