</thead>
</table>

- $U_o$: 10...36 VDC
- $I_A$: ≤ 200 mA

A1: Dark-on

For use in class 2 circuits

Adapters providing field wiring moong are available from the manufacturer.
Refer to manufacturer information.

Operators of the products we supply are responsible for compliance with measures for the protection of persons. The use of our equipment in applications where the safety of persons might be at risk is only authorized if the operator observes and implements separate, appropriate and necessary measures for the protection of persons and machines.
