Tens of thousands of manufacturing professionals have trusted AutomationDirect to offer them the #1 value in automation for the past 15 years. See how we can help you get the most out of your controls and maintenance budget.

1 Our prices are low, we can't help it!

Our prices are well below the list price of more traditional automation companies because, with our direct business model and focus on efficiency, AUTOMATIONDIRECT has the lowest overhead in the industry. We pass the savings on to you by offering high-quality products at low prices.

2 Our service is exceptional.

Independent surveys completed by readers of Control Design magazine placed us at the top of the list for service (in multiple product categories) eight years in a row in their Readers' Choice awards (2001-2008). Other surveys by magazines such as Control Engineering and Control have echoed the results.
