We squeezed the features of our popular TFT 6-inch C-more Micro into a **4-inch** package for even more value! Take advantage of the clear and colorful graphics on the **TFT color touch screen** to create a vibrant and intuitive operator interface. **Five programmable function keys** give you lots of flexibility.

FREE programming software offers the choice of using many built-in objects, such as buttons, bar graphs and data entry keypads. Or import your own custom graphics, and save to libraries for use in multiple projects. Alarm control, recipes and a built-in project simulator are time-saving tools for more complex applications.

All these features at a competitive price, in a rugged and reliable package, give you a sweet HMI for even the smallest control system.

* The programming software is free when downloaded from the AutomationDirect Web site, or the CD-ROM package can be purchased for $25 (part # EA-MG-PGMSW).
