

SPEND LESS. Do more!

with the new supercharged Do-more™ PLC

H2-CTRIO2
NEW!
High-Speed Counter
up to 250 kHz

H2-DM1E
\$399
includes Ethernet port

Looking at programmable controllers? If you need ...

- Lots of program memory
- Fast program execution
- Easy-to-use instruction set
- Integrated Ethernet on the CPU
- Fast I/O for counting and motion applications
- Easy-to-use communications

... you can spend less and Do more!

The new Do-more H2 series CPUs leverage industry-proven I/O hardware to create an incredibly powerful PLC - at an incredible bargain.

The popular H2-DM1E CPU includes:

- H2-DM1E \$399** (1) USB port for programming,
(1) full-duplex serial port,
(1) Ethernet port

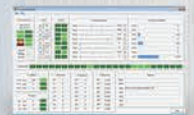

- Over 1M bytes total memory (includes program, data and documentation)
- Program/monitor/debug over any embedded communication port.
- Supports up to 256 I/O locally and thousands more with optional Ethernet remote I/O.
- Supports inexpensive serial port expansion for connection to bar code readers, printers, etc
- H2-DM1 CPU (no Ethernet port) also available, for \$299

And each Do-more CPU comes with a coupon for a 30-day free trial of online video training.

Program Do-more with the **completely new - and FREE - Do-more Designer software**. Download online - with the built-in simulator, you don't even need hardware to try it out.

Built-in simulator

Choose a Do-more starter kit to get going with a simple working system. You get:

- Prewired, 3-slot base** with your choice of Do-more CPU
- 8-point input simulator module
- 8-point relay output module
- Do-more Designer software CD-ROM
- USB programming cable
- User manual
- **Coupon for 30 days FREE online video training**

** AutomationDirect reserves the right to substitute a larger base at its discretion

- H2-DM1E-START \$626** with H2-DM1E CPU
H2-DM1-START \$536 with H2-DM1 CPU

So visit www.do-moreplcs.com for the details, watch overview videos, and download the free software to take it for a spin.
