

Need new controls?

Spend Less. Do more

Try our practical supercharged Do-more™ PLC

Whether replacing or starting from scratch on a control system, why not consider the Do-more PLC? We took the best ideas for practical product design and created the Do-more H2 series - an incredibly powerful controller at an incredible bargain.

Watch videos at: www.n2adc.com/domorevids for details.

For just \$399, the H2-DM1E CPU includes:

- 1Mb memory for program, its documentation, and user-partitioned data types
- Onboard communication ports include USB, serial, plus Ethernet with Modbus TCP support
- Up to 256 I/O in one base, and thousands more with optional Ethernet-connected I/O
- Supports discrete, analog, motion, and additional serial and Ethernet communications modules
- 30 days free online video training

- Lots of program memory
- Fast program execution
- Powerful instruction set
- Integrated Ethernet on the CPU
- Easy-to-configure communications

Create your programs and documentation with the **FREE Do-more Designer software**. Download it online - with the built-in simulator, you can try out your logic right away.

Or, choose a Do-more starter kit to get going with a simple working system with I/O, plus a coupon for 30 days free online video training.

\$626
with H2-DM1E CPU

Great prices, plus ...

- FREE software**
- FREE training**
- FREE Phone Tech Support**

Are you getting all that from your current supplier?
Think about it!
