ZIPport Multi-Wire Connectors, 3 to 108 Terminals

Standard and High Construction Profile (HC) Heavy Duty Connectors

Heavy-duty ZIPport connectors quickly and reliably connect and/or disconnect wiring in applications such as electronic machinery, robots, and control and signal circuits.

ZIPport multi-wire connectors range from a small 3-pin configuration to as large as 108-pin configurations. Screw terminal connections are available up to 40 pins and crimp contact connectors are available from 5 to 108 pins.

Why use ZIPport connectors?

- Eliminate repetitive wiring tasks
- Cut down installation time
- Increase reliability and durability of connections

Features

- Complete connectors are built from components, including bases, inserts, hoods, couplers and covers
- Available in 3A, 6B, 10A, 10B, 16A, 16B, 24B and 32B sizes
- Heavy-duty metal housings in powder-coated die-cast aluminum alloy, or self-extinguishing thermoplastic
- Bulkhead and surface mounting housings with standard or automatic covers
- Single locking system (one lever locked on two pegs) or double locking system (two levers locked on four pegs)
- Silver or Gold crimp contacts
- Operating temperatures from -40°C to 125°C (-40°F to 257°F)
- IP66 degree of protection with enclosure when coupled
- NEMA/UL Type 1, 4, 4X, 12 protection when housings are coupled
- Conforms with EN61984, VDE 0110, VDE 0627, EN 175301-801, and UL 1977, UL50, UL50E standards
- UL and CE approvals
