## Pneumatic Solenoid Process (Pipeline) Valves

AutomationDirect's line of NITRA™ pneumatics products now includes a wide selection of solenoid pipeline valves designed for control of media such as air, oil, water, and inert gas. All valves are two-position, normally-closed, spring return styles with 24VAC, 24VDC or 120 VAC solenoids, and are fitted with DIN-style wire connectors.

PNEUMATICS

### Solenoid Process (Pipeline) Valves

- start at: \$20.00 (DVP-2BC1C-24D)

- Depending on series, valves are available with port sizes from 1/8" to 1" FNPT
- Brass or stainless operator (DVP/DVD series) for typical fluid applications; 2-way diaphragm and 2- or 3-way poppet styles
- Media separated, dry operator (DVM series) for applications where working valve components should not contact the working fluid; 2-way diaphragm style
- All backed by one-year warranty

### More solenoid valves available ...

#### 3-Port, 2-Position (AVP Series)

- start at: \$18.00 (AVP-31C1-24D)

- 3-way valves (stackable poppet style)
- 1/8" NPT ports
- 2-position, normally closed, spring return
- 24 VDC or 120 VAC solenoid coil

#### 3-Port, 2-Position Modular / Manifold (BVS & BVM Series)

- start at: \$28.00 (BVS-32C1-24D)

- Body ported, 3-port (3-way) poppet valves
- 12 & 24 VDC or 120 VAC solenoid coils with LED status
- Flying leads or 8mm DIN connection
- 4- or 8-station manifolds available

#### 3 or 5-Port, body-ported (AVS Series)

- start at: \$21.00 (AVS-3211-24D)

- 1/8", 1/4", or 3/8" NPT ports
- **AVS-3 Series** are 2-position, single solenoid, normally closed spring return
- **AVS-5 Series** available in 2-position single solenoid; 2-position double solenoid; or 3-position double solenoid, center closed or center exhaust
