

DISPLAY YOUR WAY

Large, small, or no screen at all, the C-more Headless HMI lets you decide

Headless HMI

With the C-more headless HMI, you can display your factory floor data how and where you choose. The EA9-RHMI has all the powerful functionality of the C-more Touch Panel HMIs, but without display size restrictions. This HDMI-enabled device works with televisions, monitors, projectors, and most any other HDMI display device of any size to display real-time operational data or messages. Use the C-more Remote HMI mobile app or the embedded Web Server if you prefer no local display at all.
