

Data acquisition or control

at AutomationDirect prices

Design a low-cost data acquisition or monitoring system using KEPDirect OPC Server software and affordable AutomationDirect control devices.

KEPDirect

The new streamlined KEPDirect OPC Server connects your preferred Windows client software to AutomationDirect communication-enabled devices such as programmable controllers, remote I/O and variable frequency drives (VFDs). This means that any industrial HMI, SCADA, data historian, MES or ERP software package that includes an OPC client interface (most do) can connect directly to those devices.

What's included?

- High-performance, certified OPC-compliant connectivity via Ethernet, with unparalleled compatibility and performance.
- DL05, DL105, DL06, DL205, and DL405 PLC support through RS-232, RS-422 serial or **Direct**LOGIC and Productivity3000 Ethernet interfaces.
- DL205, DL405 and Terminator controller remote I/O or AC drive Ethernet interfaces.
- OPC Quick Client application included for testing and easy troubleshooting.
- Automatically generate tag names by importing **Direct**SOFT project Nicknames and Descriptions or Productivity3000 Tag database.
