

Stepper Gearboxes for Motion

Three NEMA sizes and five gear ratios available ...

SureGear® Planetary Gear Reducers for NEMA Motors

Starting at:
\$209.00

The SureGear PGCN series is a great gearbox (gear reducer) value for stepper and other motion control applications requiring a NEMA size input/output interface. This series offers the best quality/price point combination for most uses.

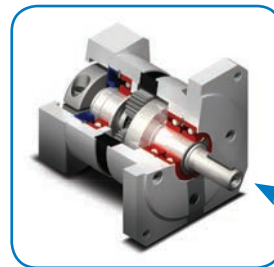

Features

- NEMA sizes 17, 23, and 34
- Wide range of ratios (5, 10, 25, 50, and 100:1)
- Low backlash of 30 arc-min or less
- 20,000 hour service life
- Maintenance free; requires no additional lubrication
- Includes hardware for mounting to SureStep stepper motors
- Optional shaft bushings available for mounting to other motors

Suregear

**Tough on the outside,
precision quality on
the inside**

Applications

- Material handling
- Pick and place
- Automation
- Packaging
- Other motion control applications requiring a NEMA input/output
