

You CAN control the weather!

Industrial-strength climate controls protect valuable process equipment

Enclosure Cooling, Heating, Lighting & Climate Controls

Heating and cooling options for your control enclosures protect your investment in your process and automation equipment. It's cheap insurance if failure is not an option.

Enclosure Heaters

- Touch-safe convection heaters (PTC heaters) and fan heaters help you reduce the corrosive effects of moisture
- DIN rail and panel mounted models
- Enclosure heaters start at \$24.25 (060400-00)

Setpoint Thermostats and Humidistats

- Tamperproof or adjustable single and dual thermostats for enclosure heating and cooling devices give you low-cost temperature control
- Electronic hygrostats (humidistats) and hygrotherms (humidity/temperature control) for more precise humidity control
- Enclosure climate controls start at \$12.00 (0116600-01)

Enclosure Lighting

- LED lighting for enclosures in magnet or screw-mount styles; daisy-chain up to 10 lights with snap-lock connections
- Fluorescent lighting for enclosures with on/off switch or motion sensor for convenience
- LED enclosure lights start at \$67.50 (025400-01)
