

# Safeguard your equipment with convenient circuit protection

## Terminal block style protectors and disconnects are easy to install and replace

The DN-FE series terminal block sockets accept replaceable supplementary circuit breakers up to 10A.

Disconnect terminal blocks offer convenient operation for fast circuit disconnection without rewiring. The pivoting insulated knife blade can be operated repetitively, and is easily replaced.

Terminal block sockets are available non-illuminated or with LED trip indication.

### Also Available:

#### SUPPLEMENTARY PROTECTORS

#### DISCONNECTS

#### MCCBS

- Supplementary protector circuit breakers in 1/4 to 10 amp ratings, starting at \$195.50 for pack of 20 (terminal block sockets sold separately)
- Disconnect terminal blocks, 20 and 25A ratings, with or without LED indication, starting at \$74.25 for pack of 50
- Terminal block sockets for circuit breakers and disconnects, non-illuminated or with 12 or 24V LED indicators (50-packs)
