

Protect your gear ...

at AutomationDirect prices!

Ensure that your equipment is safeguarded at every point in the power distribution network with high-quality, cost-effective circuit protection and disconnection devices that meet UL standards.

They'll pay for themselves in no time!

Fuji Electric

UL 489 Rated Molded Case Circuit Breakers (MCCBs)

Fuji Electric's BW series molded case circuit breakers are more compact (especially 125A and 250A frames) than any breakers on the market, so control panels take up less space than ever before. Get quality protection for your electrical systems at prices that won't break your budget.

- Suitable for feeder and branch circuit protection
- 5 frame sizes, rated current of 15 to 800A, max 600V
- Standard type and high-interrupting capacities are available in identically sized breakers
- Shunt Trip, Undervoltage Release and other accessories available
- Auxiliary Switch and Shunt Trip can be installed in the field

**Orders over \$49 get
FAST FREE SHIPPING**

**Our shipping policies make it easier than ever
to order direct from the U.S.!**

Fast free standard shipping* is available for most orders over \$49 U.S., and that includes the brokerage fees (when using an AutomationDirect nominated broker). Using our choice of carrier, we can reach most Canadian destinations within 2 to 3 days. Order by 6pm ET and in-stock orders ship the same day!

*2-day free shipping does not apply to drop-ships, or orders requiring LTL transport, but those shipments can take advantage of our negotiated super-low flat rates (based on weight) that include brokerage fees.
