## Stride®

### NEW! SE2 Series Industrial Unmanaged Ethernet Switches

When commercial grade switches just won't cut it, get the new Stride SE2 series Ethernet switches with the reliability, strength and speed you need for your industrial applications. Extreme temperatures, noisy power, wash-down environments, you name it and Stride can take it! And with a starting price of only \$75, you can reliably connect way more for way less.

- Fast Ethernet (10/100Mbps), Gigabit Ethernet (10/1000Mbps), and IP65-rated (wash-down) models available
- 5, 8 and 16 RJ45 or 5 and 8 M12 port configurations
- 12, 24, 48 VDC and 18-30 VAC redundant power inputs with industrial surge, spike and reverse power protection
- Hazardous locations rated for Class 1, Div. 2 (Zone 2) areas
- Wide temperature range models available
- Broadcast storm protection on SE2 DIN rail series
- Store and forward wire speed switching - no delays
- Full-duplex operation with flow control - no collisions
