

# Don't get burned by high prices.

Stay cool with quality, affordable temperature sensors from AutomationDirect.

## ProSense® Temperature Switches Starting at \$89.75

Compact temperature switches offer simple setup using mechanical adjustment dials.

- Extremely durable housing with 316 stainless welded parts
- No internal moving parts ensure long-term stability with no setpoint drift
- LEDs indicate switching and operating status
- Two normally open or complementary normally open/normally closed PNP DC switching outputs
- Optional protective cover

## ProSense® Type K, Type J & Type T Thermocouples Starting at \$16.00

Measure from -328° to 2100°F, mounting styles include:

- Probes with connection heads (with or w/o spring loading)
- Probes with hex nipples (with or w/o spring loading)
- Probes with attached plugs (standard, 2-pin)
- Probes with lead wire transitions
- Adjustable immersion sensors
- Bolt-on ring sensors
- Ambient air room temperature sensors

## ProSense® RTD Sensors and Probes Starting at \$44.00

Measure from -58° to 572°F with PT100 platinum three-wire elements. Mounting styles include:

- Probes with connection heads (with or w/o spring loading)
- Probes with hex nipples (with or w/o spring loading)
- Probes with attached plugs (standard, 3-pin)
- Probes with lead wire transitions
- Probes with integral M12 connectors
- Probes with sanitary connections for clean-in-place
- Adjustable immersion sensors
- Bolt-on ring sensors
- Ambient air room temperature sensors

## ProSense® Temperature Transmitters with Integral Sensors Starting at \$120.00

A precision RTD sensing element combined with transmitter electronics in a compact, strong stainless steel housing.

- With three preconfigured measuring ranges these probes are ready to use right out of the box
- FREE ProSense software can program custom ranges and change other parameters
- Choose from four standard probe insertion lengths and two NPT thread sizes for direct or thermowell mounting - no mounting adapters or fittings required

### Also Available

Thermometers/  
Temperature Gauges

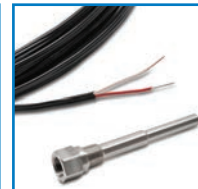

Temperature  
Transmitters

Programmable Temp  
Transmitters

Extension Wire,  
Thermowells and more...
