

Quality Circuit Protection

at AutomationDirect prices!

Fuji Electric UL489 Rated Molded Case Circuit Breakers (MCCBs)

BW Series Fuji Molded Case Circuit Breakers are more compact (especially 100A, 125A, 250A frames) than any breakers on the market, so control panels take up less space than ever before.

Get these reliable breakers at great prices, in stock for same-day shipping when your order is placed by 6 pm EST (see Web site or catalog for details and restrictions).

Features:

- Suitable for branch circuit protection
- 5 frame sizes, rated current of 15 to 800A, max 600V
- Standard type and high-interrupting capacities are available in identically sized breakers
- Shunt Trip, Undervoltage Release and other accessories are available
- Auxiliary Switch and Shunt Trip can be installed in the field
