

Register SafePLC2 software for free Via e-Mail

Once the software is installed, the software will need to be registered. To do this, open the software. You will need to log into the software.

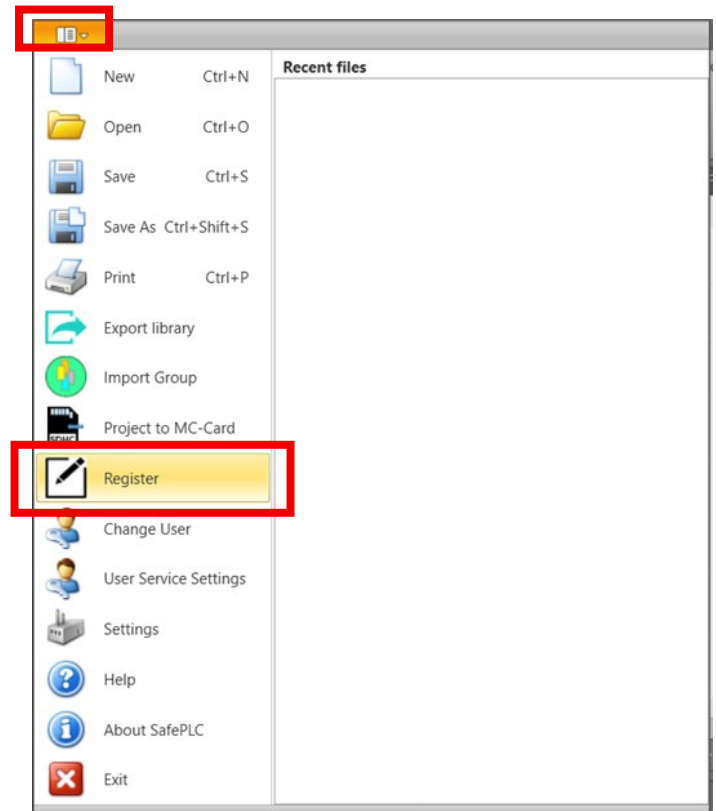

There are two default usernames in the software:

User Type	Username	Default Password*
Standard	guestuser	123
Administrator	schmersal	schmersal

*These usernames and password are editable in the software if you login as administrator.

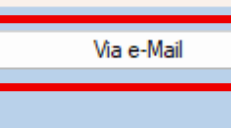

Once you are logged in navigate to the **menu icon** and then select “**Register**”

Register SafePLC2 software for free Via e-Mail

The following window will come up.

Select **“Via e-Mail”**

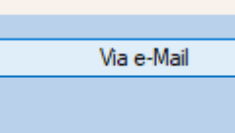

Register

☒ Via e-Mail
