Shipping Options - Continental U.S.

Shipping carriers
AutomationDirect utilizes our choice of carrier for the default shipping methods for all orders. All shipping charges are prepaid and added to the invoice, or they can be charged to your company’s account number. (Orders requesting the use of customer shipping accounts are only accepted for shipment via UPS or FedEx.) For certain heavy orders, we use LTL carriers. LTL freight charges for additional services such as lift gate or residential, where applicable, are added to your invoice. All items ship from USA warehouses.

Shipping methods

- **Best Way (2-day delivery)** *- We use a mix of FedEx services that allow us to make delivery within 2 business days (or less, depending on destination), for in-stock items. This method is free on orders over $49, and $10 flat fee for orders $49 and under.

- **Days to delivery are calculated based on regular business days and do not include weekends or holidays. Some LTL and vendor-shipped items have longer transit times and may not meet 2-day delivery schedule.**

- **LTL** - Certain items and orders must ship out less-than-trailer load (LTL). Items shipping LTL directly from an AutomationDirect warehouse or from one of our vendor-shipped suppliers will be shipped via FedEx Freight Priority. Any order with an LTL item will automatically be converted to ship out LTL. In order for items to ship separately from the LTL item, you must place separate orders. For any LTL order, additional charges may apply for residential deliveries as well as those needing a liftgate. The customer is responsible for contacting the carrier prior to delivery to make arrangements for time or day specific deliveries. The customer will also assume responsibility of any additional charges on re-delivery of shipments where FedEx attempts delivery and delivery cannot be made due consignee. For transit times from our Cumming, GA location, visit: FedEx Transit Time Map at [http://bit.ly/fxtrmap](http://bit.ly/fxtrmap)

Insurance
Because we ship FOB origination within the U.S, the risk of loss transfers to you when we deliver the goods to the carrier. Insurance is available at your expense to insure against loss or unusual damage (not currently available for online orders). It is not included in the shipping charges. Your Customer Service teamer can calculate the cost of insurance at the time you place your order; the charges will be added to your invoice. Additional insurance is not available for LTL shipments since maximum liability under those companies easily covers the value of our products.

Freight Forwarders and Hand Carry
Please review the Freight Forwarders and Hand Carry policy on page TAC-26 if you plan to use either of these delivery methods.

Tracking Shipments
Tracking numbers are available soon after we release your order from our facility (tracking from vendor-shipped locations is not available online). The order cannot be tracked until the carrier has initially scanned the package at their facility (generally after 9 p.m. EST on shipment date). To track your order online, log in at our Web site, choose “My Account”, access the appropriate order and click the “Track It” button when available. Or, you can obtain your tracking number from your shipment confirmation email (when this feature is enabled under “My Account - Preferences/Email Options”) and check status on carrier Web site.

Export Regulations
AutomationDirect ships/exports its products in accordance with U.S. law. Diversion by AutomationDirect customers contrary to U.S. law is prohibited. To obtain more information on countries and parties prohibited for export, please visit:

Concerns
If you think your shipment is past due or incomplete, please consider these items before you call to check on the order:

- Allow ample time for delivery. Some carriers schedule multiple deliveries. Track your order online (see instructions above).
- Check with your receiving department. Many times the receiving department failed to deliver the package or notify the recipient.
- Check the package for any small items buried in packing.
- Please inspect all deliveries promptly. You must notify us within 48 hours of receipt with reported discrepancies or shortages.
- If you have received tracking information and have not received your order within reasonable expected transit time, please contact us immediately. Delays in reporting shipments not delivered by the carrier can result in our inability to recover your order from the carrier, and a replacement order would be at your expense. The replacement order must ship to a business address requiring a signature or a carrier location for pick-up.
- If carrier tracking shows your shipment has been delivered but you have not received it, you must contact us within 14 business days of the published delivery date for FedEx shipments and 10 business days for UPS shipments. Otherwise, we will likely not be able to recover your order from the carrier, and a replacement order would be at your expense. Replacement order must ship to a business address requiring a signature or a carrier location for pick-up.

Shipping & other Charges - Continental U.S.

Shipping charges are prepaid and added to invoice, or can be charged to your company’s account number (UPS or FedEx only).

Free 2-day delivery* is available for orders $49 and over shipped within the continental U.S., typically shipped via our choice of carrier; 2-day delivery time does not apply for LTL shipping of heavy items/orders.

Shipping on orders under $49 are charged a flat $10 fee and are shipped via our 2-day delivery service (as a default); you may choose alternate delivery services if needed, shipping charges adjusted accordingly. All other shipping services (such as expedited), are calculated based on order weight. Check carriers’ Terms and Conditions for surcharges that may apply.

Certain heavy/large orders or items must ship via LTL (truck). To determine if an item requires LTL shipping, check the product listing on the Web site for “freight” designation; LTL shipment may be assigned automatically for a heavy order. You must have a loading dock to receive shipment, or you must make other arrangements to unload shipment. Any additional charges incurred during delivery, such as residential or liftgate charges, are your responsibility and will be invoiced back to you.

If your order is 100 lbs. or over, and does not contain any “LTL Only” items, you will still receive free shipping if you choose to “opt in” to palletizing your order.

* Days to delivery are calculated based on regular business days and do not include weekends or holidays.
Order/Shipment Processing - Continental U.S.

Orders for in-stock items can generally be shipped within one business day if paid by credit card or approved credit. The chart below addresses the carrier, product and shipping origination variations that can affect order deadline/shipment schedule, particularly if requesting expedited service. Customer will receive an Order Acknowledgement when the order is entered for processing; a Shipping Acknowledgement will be sent when the order is released for shipment.

To determine product availability and shipping options, the price list or Web store will indicate if an item is stocked at and shipped from Cumming, Georgia (no indication or “stock”), or is a lead-time (non-stock) or vendor-shipped item.
