* Conduit Box Kits include mounting hardware; box base, box cover, bushings, and screws. Conduit box dimensions are shown in the drawing link.					

Optional Conduit Box Kits can be ordered separately for frames A6 through A8. These kits bolt onto the bottom of the applicable AS3 drive to provide a convenient connection point for conduit entry, allowing the larger AS3 drives to achieve a NEMA 1/UL type 1 environmental protection rating. Especially useful for AS3 drives mounted outside of an electrical control panel.
