

Pliers & Cutting Tools

Snap Ring Pliers

CHANNELLOCK® Snap Ring Pliers easily convert from working with external to internal snap rings with a simple switch of a tab. The heavy-duty return spring reduces hand fatigue and provides increased accuracy when applying or removing snap rings. Each plier includes multiple pairs of interchangeable tips to cover a wide range of ring sizes. This 3-piece kit includes 6in, 8in, and 10in convertible snap ring pliers with tips and a durable molded case for convenient storage.

Features

- Quick conversion between internal and external snap rings with simple tab switch
- Model 926: Internal ring diameter range 1/4in to 1in; external range 1/8in to 1in
- Model 927: Internal ring diameter range 3/8in to 2in; external range 1/4in to 2in
- Model 929: Internal ring diameter range 1-3/16in to 4in; external range 1-1/2in to 4in
- Heavy-duty return spring reduces hand fatigue
- CHANNELLOCK BLUE® grips for comfort
