## Technical Specifications

|                    |                     |
|--------------------|---------------------|
| Brand              | Penn-Union          |
| Series             | BLUA                |
| Item               | Compression lug     |
| Lug Type           | Standard barrel     |
| Material           | Tin-plated aluminum |
| Voltage Rating     | 35 kV               |
| Number Of Openings | 1                   |
| Conductor Material | Copper or aluminum  |

|                        |                                         |
|------------------------|-----------------------------------------|
| Conductor Size         | 300 MCM                                 |
| Mounting Bolt Size     | 1/2in                                   |
| Mounting Holes         | 2-hole                                  |
| Inspection Window      | No                                      |
| Marking Color          | Blue                                    |
| Dual Rating            | AL9CU                                   |
| Additional Information | Prefilled with oxide inhibitor compound |

## Agency Approvals

|                      |                                                                     |
|----------------------|---------------------------------------------------------------------|
| UL Listed File #     | E12822                                                              |
| UL Recognized File # | N/A                                                                 |
| UL Hazardous File #  | N/A                                                                 |
| CE                   | None                                                                |
