## Technical Specifications

|                         |                     |
|-------------------------|---------------------|
| Brand                   | NITRA               |
| Item                    | Fitting             |
| Working Fluid           | Air or inert gas    |
| Fitting Connection Type | Push-to-connect     |
| Fitting Type            | Long elbow          |
| Fitting Function        | Rotating            |
| Body Material           | Thermoplastic (PBT) |
| Thread Material         | Nickel-plated brass |

|                          |   |
|--------------------------|---|
| Thread Sealant           | Yes   |
| Fitting Measurement Type | Metric and SAE                                  |
| Connection               | (1) R1/4 male BSPT and (1) 12mm push-to-connect |
| Operating Pressure       | -29.5in Hg to 150 psi                           |
| Operating Temperature    | 32 to 140 deg F                                 |
| Quantity per Pack        | 5   |
| For Use With             | Flexible pneumatic tubing                       |

## Agency Approvals

|                      |  |
|----------------------|--|
| UL Listed File #     | None                                   |
| UL Recognized File # | None                                   |
| UL Hazardous File #  | None                                   |
| CE                   | None                                   |
| CSA File #           | None                                   |
| RoHS Status          | No                                     |
