Technical Specifications

Brand	WenglorTPL
Item	Angle changer
Attachment Type	Line light
Angle	Plus or minus 9 x 16 degrees
Polarization Filter	No
For Use With	M-EBAR bar lights
Additional Information	This small optical diffusers increase the beam angle emitted from the bar light. This allows the user class leading flexibility from a single light source. The angle changers allow the user to create a variation of light outputs on a single product, enabling patented lighting techniques such as the curve effect. The angle changer widens the beam angle of the bar lights up to the specified value of the opening angle stated in the datasheet

Agency Approvals

UL Listed File #	None
UL Recognized File #	None
UL Hazardous File #	None
CSA File #	None
RoHS Status	Meets RoHS Chemical Restrictions - No CE (See RoHS Statement Below)
EU REACH	View EU REACH document
Other	RoHS Statement
