## Technical Specifications

|               |                            |
|---------------|----------------------------|
| Brand         | Sung-II Machinery          |
| Item          | Drive coupling spider      |
| Coupling Type | Jaw type                   |
| Coupling Size | 65                         |
| Material      | Thermoplastic polyurethane |
| Durometer     | 98A                        |
| Rated Torque  | 150 N-m                    |
| For Use With  | SJC-65C series hubs        |

## Agency Approvals

|                      |   |
|----------------------|---|
| UL Listed File #     | None  |
| UL Recognized File # | None  |
| UL Hazardous File #  | None  |
| CE                   | None  |
| CSA File #           | None  |
| RoHS Status          | Meets RoHS Chemical Restrictions - No CE (See RoHS Statement Below) |
| EU REACH             | <a href="#">View EU REACH document</a>                              |
| Other                | <a href="#">RoHS Statement</a>                                      |
