

# Enclosure Accessories - Adapter Plates for Disconnect Enclosures

## Operator Adapter Plates

An operator adapter plate is required to install a disconnect in all Hubbell-Wiegmann WA series enclosures with a universal flange cutout. Operator adapters include an adapter plate and additional parts used to interlock the enclosure door with the disconnect operating mechanism. Panel drilling and installation instructions are furnished with each adapter. Each brand and type of disconnect requires a different operator adapter. It is important to select the proper operator adapter and enclosure for the disconnect that you have selected.

Operator Adapter Plates			
Operator Adapter Plates	Price	Description	Weight [lb]
<b>WA21ABA</b>	\$120.00	Hubbell-Wiegmann operator adapter plate, for use with Allen-Bradley 1494F and 1494D series devices	3
<b>WA21ABVA</b>	\$120.00	Hubbell-Wiegmann operator adapter plate, for use with Allen-Bradley 1494V, 140U, 1494C, 194RC series devices	
<b>WA21CHVA</b>	\$120.00	Hubbell-Wiegmann operator adapter plate, for use with Eaton/Cutler Hammer flange mounted handle mechanisms type C371, Eaton Flex-Shaft F0S03C, F1S03/06C F3S03C, F4S04C, and ABB Controls disconnects	2
<b>WA21FUFA</b>	\$115.00	Hubbell-Wiegmann operator adapter plate, for use with Fuji Electric BW9F series disconnects	3
<b>WA21GETDA</b>	\$120.00	Hubbell-Wiegmann operator adapter plate, for use with General Electric STDA series disconnects	2
<b>WA21ITE</b>	\$120.00	Hubbell-Wiegmann operator adapter plate, for use with Siemens ITE Max-Flex series disconnects	
<b>WA21SDA</b>	\$120.00	Hubbell-Wiegmann operator adapter plate, for use with Socomec <b>37299002</b> and <b>37299003</b> disconnect handles. Also fits Schneider Square D Class 9422 disconnect handles.	

## Blank Adapter Plates

These adapter plates are used to cover flange cutouts in disconnect enclosures when disconnects are not installed. This greatly increases the versatility of the disconnect enclosures, enabling them to also be used as regular Type 12 enclosures.

Hubbell-Wiegmann blank adapter plates are made from heavy gauge steel, with oil-resistant gasket to maintain the dust-tight and oil-tight qualities of the enclosure. All blank adapter plates are painted ANSI 61 gray polyester powder. All necessary mounting hardware and instructions are included.

Blank Adapter Plates			
Blank Adapter Plates	Price	Description	Wt. [lb]
<b>WA21BAP</b>	\$57.00	Hubbell-Wiegmann blank adapter plate assembly, ANSI 61 gray. For use with all Hubbell-Wiegmann carbon steel floor-mount and freestanding disconnect enclosures. Includes mounting hardware.	2
