

GS4-Specific Optional Accessories – External Keypad Mounting Kit / Spare Keypad

Accessories Applicable Only to GS4 AC Drives

Please refer to the "GS/DURApulse AC Drives – Accessories" section for accessories applicable to multiple families of GS/DURApulse AC Drives, including GS4.

Keypad (Spare/Replacement)

NOTE: The keypad described below is included with the GS4 AC Drive, and is also available for purchase separately as a spare/replacement component.

Keypad Panel-Mounting Kit

NOTE: The keypad panel-mounting kit described below is an optional accessory that is NOT included with the GS4 AC drive.

GS4 DURAPULSE Drives Keypad and Keypad Panel-Mounting Kit			
Part Number	Price	Description	For GS Drive
GS4-KPD*	\$76.00	Spare or replacement keypad for GS4 AC drives; includes RJ45 connector; great for maintenance or back-up programs.	GS4 – all
GS4-BZL**	\$21.00	Keypad Panel-Mounting Kit for remote surface mounting or embedded mounting of the GS4 AC drive removable keypad; hardware included. Use a standard Cat5e RJ45 patch cable (not included) to connect a remote-mounted keypad to the drive. Max cable length for remote-mounted keypad = 5m.	GS4 – all

* A keypad is included with each GS4 AC Drive; additional keypads are available for spare/replacement components.
 ** The keypad mounting kit is an optional accessory that is NOT included with the GS4 AC drive; for mounting the keypad remotely from the drive.
