

Crimping Tools

Ferrule Crimping Tools

The JOKARI QUADRO Plus cuts, strips, twists, and crimps insulated wire-end ferrules in one 4-in-1 plier, with strip-fed magazines for fast, repeatable panel and control wiring.

JT62000 Features

- Four functions in one tool: cut, strip, twist, and crimp
- Crimps insulated ferrules 0.5–2.5 mm² (20–14 AWG) to VDE 0609-1
- Forced-lock ratchet ensures a consistent trapezoidal crimp
- Twisting device gathers strands without reducing cross-section
- Quick-change magazines reload banded ferrules in seconds
- Supplied as a set: case, 3 magazines, and 5 ferrule strips

Step 1: Cut

Step 2: Strip

Step 3: Twist and pull

Step 4: Crimp
