

 Pliers & Cutting Tools

Cable Tie Installation Pliers

The Maun cable tie installation plier tensions and cuts nylon cable ties flush in a single action for fast, consistent bundling. Parallel-action jaws and a return spring allow one-handed operation, multiplying hand force by 5x to make tensioning effortless, while the press-action cut-off lever trims the tail flush with no sharp edge left behind. Precision-made from hardened steel with comfort-grip handles.

Features

- Tensions and cuts plastic cable ties flush in a single squeeze
- Parallel-action jaws grip the tie squarely
- Clean flush cut leaves no sharp tail
