

Exhaust Filter Grilles

Exhaust filter grilles provide filtered air exit from the enclosure, maintaining IP55 (NEMA Type 12) protection. Pair with same-size or larger Filterfans® to create a complete enclosure cooling system. Snap-in filter mat allows for quick, tool-less replacement.

11720004055

Features

- IP55 / NEMA Type 12 rated
- Snap-in replaceable G4 (medium) filter mat
- Available in three sizes to match the 91%-efficient DPF-series Filterfans
- Operating temperature: -40 to +131 °F [-40 to +55 °C]
- Vertical mounting position required for IP rating

Listings

- UL: E175229
- CSA: 2293770
