Solar Shields

Your Enclosure Source®

SCE-SH1212M8

Applications

Solar Shields assist in lowering the heat load from the sun and provide additional protection from rain and snow by shielding the top, sides, and rear of the enclosure. Shielding is an effective, low-cost method of reducing solar heat gain in outdoor electrical and electronic applications.

Construction

- 14-gauge galvanized steel
- Hardware included for mounting an enclosure to the solar shield

Finish

- SCE-05 white powder coat
