

## Zyklop Speed Ratchet

### Small return angle

The fine 72 tooth ratchet mechanism has a low return angle of 5°. This short stroke allows fast and precise work in small spaces.

### Swivel ratchet head

The ratchet head pivots freely and locks at 0°, 15° and 90°, making it possible to work in confined spaces with ample hand clearance.

### Simple direction change

Rotating the large thumbwheel quickly changes rotation from clockwise to counterclockwise from any position of the ratchet head.

Wera Speed Ratchets		
Part Number	Description	Price
<a href="#">05003500055</a>	Wera Zyklop Speed ratchet, 1/4 inch drive, with locking swivel head and ergonomic grip handle. Manufacturer part number 003500.	\$81.00
