

Wera Tray Sets

Compact Socket and Driver Bit Tray Sets

Wera Socket and Driver Bit tray sets combine precision ratcheting mechanisms with comprehensive bit and socket coverage for versatile fastening applications. The Zyklop Mini ratchet features a fine 60-tooth mechanism that allows a small return angle of only 6°, ideal for tight spaces and precision work. The integrated thumb wheel enables rapid screwdriving speeds, requiring the lever only for final tightening. Sets include the 816 R bitholding screwdriver with Rapidaptor quick-release chuck and multi-component Kraftform handle for ergonomic, fatigue-free operation. The durable two-color foam insert provides secure tool storage with precision contour cutouts, and when a tool is removed, the contrasting underlayer becomes immediately visible for quick inventory checks.

Features

- Tray Size: 1/4 long drawer (15.4 x 6.8 x 1.4in)
- Fine 60-tooth ratchet mechanism allows 6° return angle for work in confined spaces
- Bitholding screwdriver with flexible shaft and slim design for work in confined spaces
- Rapidaptor quick-release chuck enables fast bit changes without additional tools
- Kraftform handle design reduces hand fatigue during extended use
- Includes comprehensive selection of sockets and bits for diverse applications
- Two-color foam insert with high-contrast underlayer for missing tool identification
- Water- and oil-repellent foam construction for easy cleaning and long-term durability

Wera Tray Sets

Overview

Wera modular foam tray sets provide professional-grade tool organization that maximizes efficiency and workspace optimization. Each set features durable two-color foam construction designed to fit seamlessly in most toolboxes and pull-out tool drawers. Available in multiple tool type configurations, these modular trays allow professionals to customize their storage based on specific job requirements while maintaining standardized dimensions for efficient drawer utilization.

The high-quality foam construction protects tools from damage while precision contour cutouts keep each tool held securely. The innovative two-color design makes missing tools immediately visible—when a tool is removed, the contrasting underlayer becomes apparent at a glance. Water- and oil-repellent foam requires minimal maintenance. This systematic organization reduces time spent searching for tools, improves inventory management, and creates a cleaner, more professional workspace. Whether outfitting a new toolbox or upgrading existing storage, Wera foam tray sets deliver the organization and durability professionals demand.

Custom-Fit Compartments

Safe Storage and Quick Overview

1/4 long drawer

15.4 x 6.8 x 1.4in

Features

- Two-color foam construction for instant missing tool identification
