

Wera Tool Sets

Electrician's Tool Set

The Wera 73-Piece Electrician's Tool Set provides comprehensive tool coverage for professional electricians and tradespeople in a compact, portable storage system. This carefully curated collection delivers the essential tools needed for electrical installation, maintenance, and repair work—all organized in one convenient package. The Wera 2go tool container utilizes an innovative hook and loop fastener system with inner and outer zones that maximize space utilization, allowing an extensive tool selection to fit in a remarkably compact footprint. The robust, dimensionally stable material protects tools against damage and moisture while enhancing the container's service life. A padded, width-adjustable shoulder strap and snug body fit ensure comfortable hands-free transport between jobsites. By consolidating premium tools in a single organized system, this set eliminates time wasted searching for scattered tools and ensures professionals arrive prepared for diverse electrical work.

Features

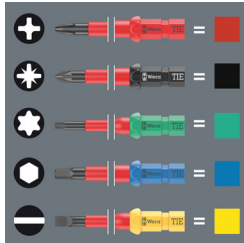

- 73-piece comprehensive tool set covering screwdriving, measuring, cutting, gripping, and electrical work
- Compact 2go container with hook and loop fastener system maximizes space utilization
- Robust material protects tools from damage and moisture
- Padded, adjustable shoulder strap for comfortable hands-free transport
- Organized storage with dedicated quiver and adjustable partitions for quick tool access
- Includes VDE-insulated tools for safe electrical work and specialized trade tools

The Wera 2go tool container delivers maximum tool capacity in minimal space through an innovative hook and loop fastener system that allows carrying only the tools needed for each job. Robust, moisture-resistant construction and hands-free shoulder strap design ensure tools arrive protected and ready to work.
